For Immediate Release:
***“Children: The Bedrock of the Granite State”* Featured Presentation**
at Seacoast Community School Event Thursday, April 16

Portsmouth, NH– [April 8, 2015] –On Thursday, April 16th, from 6-7:30PM, Seacoast Community School and its board of trustees invites you to their Annual Meeting & Teacher Appreciation Night. Special guests Jackie Cowell of Early Learning New Hampshire and Laura Milliken of Spark New Hampshire will present “Children: The Bedrock of the Granite State.” Using research from Harvard University’s Center for the Developing Child, the presentation focuses on healthy child development, the developing brain’s architecture, serve and return relationships, what derails development, and innovation in the early years. To RSVP, contact cedison@communitycampus.org or call 422-8223.

Founded in 1967, Seacoast Community School offers quality early learning and before & after school care to children ages 8 weeks to 12 years. The school's early childhood programs are accredited by the National Association for the Education of Young Children. Scholarships are available for families in need. Learn more at seacoastcommunityschool.org or call 603.422.8223.
